ISACA.

1 May 2023

Ajeethra Balamurugan
106, Englewood Avenue
Buffalo, New York 14214

Exam ID: EH-367661

Certified Information Systems Auditor® CISA®
TESTED 4/24/2023 - with English Form

Your Total Scaled Score is
494.00

Congratulations! You were successful in achieving a passing score on the CISA exam.

Exam scores are reported on a scale from 200-800. A scaled score is a conversion of your raw score(s) to a common scale. A score of 450 represents a minimum passing score established by ISACA's CISA Certification Working Group. Below is your score by area.

SCALED SCORES OF YOUR PERFORMANCE BY AREA

Information Systems Auditing Process: 431
Governance and Management of IT: 538
Information Systems Acquisition, Development, and Implementation: 651
Information Systems Operations and Business Resilience: 485
Protection of Information Assets: 485

VERY IMPORTANT:

You are not yet certified. To become certified as a CISA and enjoy the benefits of certification, you must earn the required job experience and submit an Application for CISA Certification. The application is available at www.isaca.org/CISAapp.
Until your application is received and approved, you are not CISA certified and cannot use the CISA designation.

If you have any questions about your eligibility for CISA certification or about whether or not your experience qualifies for certification please contact the ISACA Customer Experience Center by visiting support.isaca.org.

Achieving CISA certification is a fundamental step in your career development process. CISA certification will enhance your credibility and recognition with employers, peers and clients as well as boost your earning potential. We encourage you to apply for CISA certification as soon as you have the required experience.

Again, congratulations on your success. We encourage you to be active with ISACA at a local and/or global level and look forward to having you join the more than 90,000 professionals worldwide who have earned the CISA credential.
